Alan Combs we consider a special friend;
For help with anything, on him we can depend.
His artwork gives us the "Snoopy Look",
With camera he created this special book.
In darkroom, he spent many an hour;
All his talents he's given to Victress Bower.
Alan, this book we dedicate to you
Heaven knows, it's been long overdue!

1975-76 BOWER BEAGLE

CORONA UNIFIED SCHOOL DISTRICT

300 Buena Vista Avenue ★ Corona, California 91720 ★ 714 736-3301

Charles S. Terrell, Jr., Ed.D. Superintendent 714 736-3251

John Aldrian, Principal 714 736-3328

Victress Bower School for Exceptional Children
1250 W. Parkridge ★ Norco, California 91760

Last fall, on a sunny morning, the Bower Beagle football squad scored its first victory by defeating Elsinore 8 to 0 in the first round of the Glenview Tournament. I can still hear our student body inspiring and encouraging its team with their favorite cheer, "Bower Power, Stronger by the Hour!" That chant has made its lasting impression on me, because I feel it expresses well the spirit and program at Victress Bower School for Exceptional Students.

This year, Bower has been flexing its muscles and growing in all directions. Our primary program stretched out its arms to include three to five-year olds. Last July, Bower enrolled the district's youngest student, a three-year old.

The acquisition of additional vehicles through purchase and generous donation has provided the necessary transportation to open the doors for our teenagers and young adults to move off campus and into the community for lawn maintenance and housekeeping experiences.

Our off-campus exploration work program for adults was strengthened by a school cooperative contract with the State Department of Rehabilitation. This contract was the medium which allowed Bower to begin placing our soon-to-graduate adults in paid work assignments in our community.

Enrollment at Bower continues to grow with a current figure of 80 students. September, 1975, brought a new class, new teacher, new aide, new bungalow; the same is projected for September, 1976. Growth brings with it new students, new staff, new plans, new programs, and new problems. However, I am confident that Bower will survive any growing pains with the help of its most important resource--the vitamins that give it strength, life and purpose--special people.

I wish to thank all the "Bower People" whose dedication and hard work continue to provide "Bower Power, Stronger by the Hour!"

This 1975-76 Bower Beagle yearbook was financed entirely by our generous benefactors whose messages appear on the back pages. We encourage you to mention that you have enjoyed this publication, when next you patronize these special friends of Bower School.

Also, we wish to extend our appreciation to Pat Reid and Betty Maragos who were responsible for soliciting the donations that made this yearbook possible.

Thanks!

During the school year 1975-76 our district joined in a cooperative program with the State Department of Rehabilitation. Through this program, Victress Bower was able to place three students on work sites out in the community. The students are paid an hourly wage and may work 10 to 15 hours a week. We feel very fortunate to be a part of this program and plan to add more students to it.
